"A Napa Valley landmark restored to its former glory, The Francis House is the only stone building in Napa County with authentic French Second Empire architecture. After a busy day of wine tasting, nap if needed, then enjoy a dip in the heated pool, before relaxing by the fire pit under wine country's starry skies."

10/10 Style & character

Listed on the National Register of Historic Places, The Francis House was built in 1886 as a family home. With just five rooms, it has a feel of a refined, but still comfortable and inviting, wine country home. Restored Tufa stone walls remind you of the past, while blending enjoyably with modern décor. Thanks to the many windows throughout the property, natural light is plentiful.
